

Guiding with knowledge of nature

Trolling is fishing with spinning bait from a boat equipped with the latest in technical fishing gear. By this active form of fishing you will gain ultimate experiences. We will make sure that the fishing adventure you buy from us is specially designed for you or your company. You can do trolling for fast growing charr, fast growing trout or big pikes in our lakes. You can also join us for sea bass fishing in the fjord outside Oslo or deep sea trolling for cod, big coalfish and halibut along our beautiful coast. TrollingAdventure is founded by professional fisheries biologists and we can ensure guides with knowledge of nature and fishing techniques on your request.
